## BIODEGRADABILITY:

All surfactants used in Hycolin Professional products comply with the current European regulations concerning biodegradability & protection of the environment.

**Antiviral Kitchen Cleaner**

Suit for use on all kitchen surfaces including food preparation areas. The powerful formulation is tough on grease and grime and leaves a smear free shine. It kills 99.99% of germs and viruses including Coronaviruses to ensure a safe, hygienic finish.

**Directions for use:** Turn nozzle to OFF position. Spray directly onto surface to be cleaned. Leave for a minimum of 5 minutes to ensure disinfection.

Wipe with a dry, clean cloth or paper towel. Use on food preparation areas, ensure you rinse and dry surface before re-using.

Turn nozzle to OFF position after use. For heavily soiled surfaces, repeat application. Not suitable for wood, used or open pore plastics or untreated metal surfaces, aluminium, leather or sensitive coloured finishes. Test for product compatibility on an inconspicuous area.

**Note:** Do not ingest. This is not a medicine.

**Storage:** Store sealed in original container in a cool place.

**Tested to:** BS EN 1276/BS EN 13697 & BS EN 14476

**Effective according to EN 14476 against identified viruses which include:** Coronavirus, Rotavirus, Hepatitis A, Hepatitis B, Hepatitis C, Measles, Herpes, Rubella.
