Biological Laundry Powder

Directions for use:
Pour the recommended amount of powder either directly into the dispenser drawer or into a dosing device. If using a dosing device place it in an upright position on top of the powder in the machine. Do not pre-wash when using a dosing device or put a dosing device into multiple cycles of machine doses.

Other information:
Handwashing:
Use up to 1/2 cup in a bowl or bucket (approx. 100 ml). Before powder is fully dissolved before putting articles into water. Rinse thoroughly. Do not use an enamel bath for soaking. Never soak silk, wool, leather or garments with metal fastenings or flame resistant finishes. Always test coloured articles for colour fastness. If not colour fast wash separately.
