## Hazardous Pictograms

Pour the recommended amount of powder either directly into the dispenser drawer or into a dosing device.

Do not pre-wash when using a dosing device or put a dosing device into tumble cycles of washer driers

Handwashing  
Use up to 1/2 cup in a bowl or bucket (approx. 10 litres). Ensure powder is fully dissolved. Rinse thoroughly

Do not use an enamel bath for soaking.  
Never soak silk, wool, leather or garments with metal fastenings or flame resistant finishes. Always test coloured articles for colour fastness.
